My dear Sir Robert

It would be a great pleasure to us if you could deliver the address which we usually have at our Commencement. This year the date is June 25th. We have so many associations with the University of Toronto that a visit from its head would be greatly appreciated.

In the hope that you may be able to accept our invitation

I am with best wishes

Yours sincerely

President F. J. Goodenow,

Johns Hopkins University,

Baltimore, Md.

My dear President Goodenow:

Your very kind letter has given me a great deal of pleasure, and I should like very much to be able to accept your invitation and deliver your address at Commencement. Unfortunately, however, I have a previous engagement for June 24th as I had promised to be in Boston on that day. As you state in your letter we have so many close connections with Johns Hopkins that were it not for this engagement that I must keep I should have allowed nothing to stand in the way of being with you.

With kindest regards, I am,

Yours sincerely,

President.
